3form, Inc is a member of the Hunter Douglas Group.

### 3form® Full Circle Collection - Varia Ecoresin

3form® Full Circle is a class of sustainable products, a program, a creed, and a belief put into action.

3form® Full Circle Collection is a range of eco-friendly products that use the signature material platform and dynamic interlayer system, Varia, which encapsulates colour, organic materials and textures in translucent ecoresin panels that transform into feature walls, ceiling panels, sliding doors, tabletops and other design solutions.

The interlayers are crafted by skilled artisans from around the world, who transform raw materials into crafted creations.
