TECHSTYLE® Acoustic Ceilings

With clean and distinctive looks together with superior levels of noise suppression, Hunter Douglas Commercial Ceiling Systems are the perfect blend of form and function. Our TECHSTYLE® Acoustic Ceilings have outstanding NRC ratings and have unsurpassed accessibility and customisation.

In addition to superior acoustic performance, TECHSTYLE® Acoustic Ceilings can be a dramatic feature. In Copenhagen, 3XNielsen and PLH Architects turned the ceiling of an audio-visual screening room into a dramatic monolithic light source by placing light fixtures behind the translucent TECHSTYLE® Acoustic Ceiling Panels.
