New Hunter Douglas Commercial Duette Architella Fabric

Once again at the forefront of technology and innovation, Hunter Douglas Commercial introduces the exciting new DUETTE® Architella Fabric– a remarkable new honeycomb shade design. This revolutionary new product takes one honeycomb and nestles it inside the other, resulting in truer colours, crisper pleats, and superior energy efficiency.

Exclusive to Hunter Douglas Commercial, the new Duette Architella Shades set a new industry standard in energy efficiency. Their revolutionary design forms three distinct air pockets for increased insulation against heat and cold.

The signature TruPleat inner structure keeps both the front and back pleats of Duette Architella Shades crisp and consistent, from top to bottom.

For further information on Window Coverings contact Hunter Douglas Commercial on 1300 733 078 or visit www.hunterdouglascommercial.com.au
